

KUNDURTHI SOMASEKHAR

✉ sekhersomak@gmail.com 9948386700 📍 Ongole, Andhrapradesh  [Kundurthi Somasekhar](#)  [Ethicalfiber](#)

Profile Summary

Motivated and detail-oriented computer science undergraduate with a strong foundation in artificial intelligence and machine learning. Experienced in developing innovative applications and solving complex problems within collaborative team settings. Eager to contribute technical expertise and strategic thinking to drive impactful solutions.

Skills

Technical Skills:

- **Programming Languages:** Python, Java, Javascript, OOPS
- **Database:** SQL, Vector DB
- **Web Technologies:** HTML, CSS, Javascript,
- **Frameworks:** Django, Streamlit, React
- **Specializations:** Artificial Intelligence, Machine Learning
 - AI: LLM, RAG, MCP, Antigravity, Claude AI, Cursor

Soft Skills: Team Collaboration | Strategic Planning | Logical Thinking

Education

Bachelor of Technology in Computer Science
Kalasalingam Academy of Research and Education,

Krishnankoil, TN | 2021-2025

- **GPA:** 7.1

Higher Secondary Certificate (H.S.C)
Sri Chaitanya Junior College

Ongole, AP | 2019 – 2021

- **Marks:** 724

Secondary School Certificate (S.S.C)
Gowthami High School

Ongole, AP | 2018 – 2019

- **GPA:** 9.5

Internships

Full Stack Web Developer

Intern Smart Learn Ed Tech |

04/2023 – 06/2023

Successfully developed a full-stack web application using Java, Spring Boot for the backend, and JavaScript with React for the front-end. The project included RESTful APIs, database integration with MySQL, and secure user authentication for a robust

Completed Netflix Clone Project

- Finished an internship as a Full Stack Web Developer and built a Netflix clone. Developed the code using React, Node.js, Express and MongoDB with authentication along with API and responsive UI design.
- The company used Redux for state management and Firebase for deployment. Gained hands-on experience in front-end and back-end development, improving their problem-solving skills.
- Worked in a fluid manner, strengthening teamwork and communication. Improved knowledge of emerging web technologies and best practices for coding.
- Successfully completed the internship with a certificate and gained technical skills by using frontend and backend has redesigned with framework

- This project allowed me to strengthen my skills in full-stack development while building a real-world application.

Projects

Secure Online Banking System using Java, JDBC, and MySQL

- Developed a secure banking application using Core Java with strong OOP principles, collections, and exception handling.
- Implemented user registration and login with PIN authentication, supporting savings and current account management.
- Enabled core banking operations such as deposit, withdrawal, balance enquiry, and transaction history tracking.
- Integrated JDBC with MySQL for persistent data storage and designed an admin panel for account management, with optional Swing/JavaFX GUI

AI-Powered Resume Screening System

- Built an AI-based resume screening system using **RAG** to match resumes with job descriptions.
- Extracted and chunked resume text (PDF/DOCX), stored embeddings in a vector database, and retrieved relevant sections for evaluation.
- Ranked candidates using semantic similarity and generated **explainable selection/rejection insights**.
- Deployed backend APIs using FastAPI with an interactive frontend.

AI-Powered Document Intelligence & Automated Report Generation System

- Built an AI Document Intelligence system to process PDFs/DOCX files and extract structured information using OCR and NLP.
- Implemented Tesseract OCR to handle scanned and image-based documents.
- Integrated LLMs to generate accurate summaries, insights, and contextual reports from unstructured data.
- Automated creation of professional reports with Word (DOCX) and PDF export functionality.
- Designed an end-to-end document processing pipeline from upload to final report generation.
- Improved document analysis efficiency by reducing manual data extraction and review efforts.

Languages

English, Hindi, Telugu, Tamil
